“ We are so saddened to hear of Chief Breen's passing. He came out to our newly purchased property when we were requesting an address for our property. Chief Breen was so very kind, and helpful! He was one of our first contacts in Washington, and will always be remembered fondly.

“ I am so very sorry for the loss of Vic or as we called him "Chief ". Camp Greylock is in mourning. The Greylock community lost a friend, a protector, a wise and caring friend, and a surrogate father to the counselors and children. In all the many years that Vic worked for us at Greylock he brought with him every day, an example to all - what it means to be a patriot, have a incredibly strong work ethic, and how to live a good life with
with love and care for ones fellow man. Camp will be the lessor with out you.

Vic was a truly wonderful and caring person. He had a great sense of humor, and a life of wisdom that he shared with me thru our many meals, Berkshire county road trips, and time together.

I will miss seeing you up at the gate, with a gentle smile, and a wave. Thank you for everything. Thank you for all your years of hard work and service. I will miss you my friend. God bless.

“ From the time my husband and I moved to Washington more than a decade ago, Victor was always the heart and soul of the town for us. He was always there for any problem and was quick to check in on us to make sure we were safe during the worst of weather. I will always remember his quick smile and the way he would invite you into his office to ask how your life was going with sincere interest. The Town of Washington was blessed to have Victor and we were blessed to have the opportunity to know this kind, gracious man who will remain eternal in our memories. May he rest in the Creator's grace.
