“ So many years have gone by and here it is more than a full year later that I have learned that Dennis has passed. We worked together and I have been fortunate to call Dennis my friend. He was the kindest man, a true gentleman. I have thought of Dennis often and fondly.

“ My sincere condolences go out to the family of Dennis Gasser. I went to school with Dennis when we both lived on Long Island in North Bellmore. We attended Sanford H. Calhoun High School and were both enrolled in the Electricity, Electronics Vocational course. It was a three hour course daily for three years so we spent a lot of time together.

After High school we lost touch, but reconnected about ten years ago via the internet. I had moved to Florida and Dennis to Washington State. He came by and visited when he had business at Port Canaveral. It was fun and we picked up right where we left off. I'll always remember him as an honest sincere person whom I was proud to know.

“ Sincere condolences to the family of Dennis Gasser. Always loved hearing his colorful presentations at TDG meetings. The man knew his subject matter and if you were going to challenge him, you better have done your homework because he did not suffer fools lightly. I don't believe there was one ounce of BS in him and in this business filled with strutting prima-donna types, he was a breath of fresh air. I was sorry to see him retire but in retrospect, glad he was able to enjoy a couple of years

away from the fray. I will miss him and very glad I had the privilege of knowing and working with him. RIP Dennis!
