“ Hi Maria and family - I'm so, so sorry to hear of Bob's sudden passing. Very belated condolences and my very deepest sympathies.. Bob was always so smart, approachable, friendly and positive...I remember how enthusiastic he was about playing rugby at Haverford and now am thinking about what a great teammate he must have been, and a husband and a father to you all. I'm here in the Berkshires with my (Bryn Mawr) wife myself, I really wished I had known Bob was in Stockbridge from time to time...I would have loved to have seen you and him and the family. Sending warm thoughts....

“ Hi Maria -- so, so sorry for your loss. At Haverford, I was a friend, classmate, and teammate (lax, back when Bob was one of the biggest defensemen the HC Athletic Dept had ever seen, before he switched to rugby because they had a house and better beer). Me and my wife Diane (HC'85) are sorry to hear of Bob's passing; you and Justin and your whole family have our deepest sympathies. I'll always have such great memories of Bob; at HC everybody knew and loved him. Everybody knew that wherever Bob was on campus, that was where the best party was, and that was where everybody was having the most fun. Bob was greatly admired for his ever-present smile and good nature, great work ethic, loyalty to his family and friends, strong sense of honor, and, his enduring commitment to the Haverford community. During my time at Haverford, Bob was one of those guys who people just naturally wanted to be around -- he had such a great joy for life. Ultimately, i hope for you and everyone in the family, the immediate grief of his passing is soon replaced by the countless memories of all the great things he did for the people and places he cared most about. Really, to know Bob was to be inspired by him -- to always do the right thing, to treat others with kindness and compassion, while having the most fun. That seems like a great legacy, and a great measure of a life well-lived. Steve DiFrancesco

“ The notice of Bob's death in this morning's Berkshire Eagle brings back a sad memory of the death of his father, my friend and colleague, 34 years ago. And every time I saw Bob he reminded me, in appearance and manner, of his father. Marilou and I extend our deep sympathy.
