“ I don't know where to begin. I know from the moment we met we had a special connection. Your endearing smile and quick wit will forever be missed on 2 East Medical. I always looked for you every morning when I worked, because it served as a barometer as to how the day was going to be. 🙏 I loved it when you followed me throughout the day pretending to be my assistant. Your presence on the unit brought so much joy. I don't know how I will feel tomorrow, when I am unable to say, "Good Morning Margaret" 😭💔 Thank you for all the great hugs ☐ you gave and the laughter that filled the unit when did something silly. You were one of a kind and I feel so blessed that our paths crossed. 🙏❤️ You etched your love upon my soul!!

“ I'll forever miss you, Margaret. You touched my soul in ways that altered who I am- you taught me patience, love, understanding, empathy. I'll never stop missing you, but I am so grateful to have met you and to have been blessed to be a caregiver to you. Although some days you seemed to help me more than I did you. You just understood what wasn't said- it never had to be. What I'd give for one more sleepy bed headed hug from you, one more coffee in the morning, one more time blowing raspberries at everyone else, one more story time with you, one more moment. I love you Margaret and now I'll carry you with me, beautiful.
