Aunt Loretta has been in my life since I was nine a special bond I carried with her was our birthdays were one day apart and if we were together we shared cake and ice cream. In later life I took my parents to Lenox and Paul would meet us there for a visit. She always made us feel welcome. We will miss her and be thinking of your Family and say a prayer Knowing that She is in good hands

“ *Aunt Loretta was such an inspiration for me growing up. I watched how she seemed effortlessly handle any situation and welcomed family with open arms. Spent many hours discussing family and the family tree with her, listening to her stories, always captivating, with a lot of laughter and love. She will be forever remembered and missed.*

“ Family was everything to her, she was such a blessing to me growing up. She raised 6 beautiful children by being conscious of waste; giving love all of the time and spiritual beyond anything I had could imagine. She not only was a sister-in-law to mom and dad but was a good friend. Sharing many laughs while playing cards or having cook outs in the back yard, I am still amazed that she never lost her cool with all of us running around.

Sharing a single memory is not possible because she always was a constant, and will be forever in my heart and mind.

“ There just aren't any words that can fully explain what Aunt Loretta meant to Benji & I. She taught me how to accept the loss of my parents, how to try to be a good parent to our adult children and how to develop a faith to sustain me. She also shared a lot of laughs with Benji & spoiled him with her apple crisp. We are very grateful that she gave us the time & love that was such a part of her nature. I know she is at peace now & will always be aware of those she left behind. I think all of us who loved her will feel her every day for the rest of our existence. Wish we could be with you.
