Mary Lou loved to travel both domestically and abroad....Her international trips included Scotland, Iceland, New Zealand, Greece and Turkey....her love to journal and chronical her adventures is illustrated by the dozens of albums she created about her trips.....Later in life when the airline traveling days were over she and Eric visited each and every Greyhound Track in America ....kind of an homage to Caine and Jane their own beloved rescue Pets....the final real travel phase was to search out and cross and of course photograph as many Covered Bridges as this country has ever built and they discovered lots of them.

Mary Lou was a very faith driven person and was a member of the Church on the Hill in Lenox for many many years.

Mary Lou was predeceased by her husband of 37 years Warren (1986) her Brother Ralph H Martin (2008) Sister-in-Law; Patricia L Martin (2019) Brother-in-Law; Darl Johns and Sister-in-Law; Adell Johns and niece; Diane Tuttle (2012).

In lieu of flowers or donations the family asks that you pray for Mary Lou and that this world learns to "get along with one another" something that she was always hopeful for.
