“ *I wanted to let you know how much he will be missed at Kripalu. He was always helpful when there was a need in my office whether it was the heat I couldn't figure out or to changing the lock. He would always joke and talk while he fixed things. I was so very sorry to hear about his passing. I would have wished many more years for him.*

“ *I love Minor and miss him very much. Even though we worked together for just a few months several years ago, and our paths have crossed very intermittently in the hallways at work since then, his heart, mind and spirit will always be a beacon in my own heart. I'm so grateful for his fellowship, his kindness, and his humor. Many Blessings to Minor, his wife, children, extended family and closest friends during this time of transition and loss.*
