“ I had the privilege of working with Pat years ago. She was so caring and always very professional. I worked in the therapy dept and she was nursing and she was so helpful when I needed something. She was a wonderful soul and the world lost a great lady.

“ To the Trask Family,
I was so saddened to read this...not only did I go to hairdressing
school with Pat but years later we met again at nursing school. A
surprise to both of us.
Happy to have seen her years later while she was working in Lee.
My deepest sympathy.

Always sad to learn of a friend's death. Had not seen nor heard anything about Pat for many years. I have not lived in the Berkshires for a long while but....hearing of her passing brought a storm of wonderful memories. Worked with her for several years as a nurse. Loved her spirit, her knowledge, her willingness to get in there and get the job done. I'm carrying good thoughts of you, Pat and send sincere condolences to your family and other friends.

My deepest condolences to Pat's family. I worked with Pat at Laurel Lake for several years. when I lost my German Shepherd dog Pat found a beautiful Shep that was in a "kill shelter" and she sent me the info and now when I look at Luna I will think of Pat. She was an exceptional nurse and she was always willing to give more than 100% to her patients. I was an aide when I first met her and after graduating nursing school came back to LL and Pat was ALWAYS willing to help me adjust to my new position. I'm sure she will leave a large void in the lives of those who knew and loved her. She will make a stop at Rainbow Bridge, I am sure, to take all her past pets to Heaven with her as I am sure she is an Angel now watching over those left behind. Rest in peace dear Pat.
