“ Dear family of Phil Knowles, I hadn't heard from Phil in awhile and had just been thinking of him when I saw this news. You might not know me in person but Phil was like a kind father when he came to visit here in Haiti. He was a very dear and tremendous support to me personally and I know to many others in a land he loved to know and explore. My deepest condolences to you all and that you were blessed with such a very special man. I still use his name as a password to my Linkedin account that he encouraged me to set up! Blessings, Carla Bluntschli

“ *My sincere sympathy to Phil's family. I had the opportunity several years ago to meet him and we chatted about our mutual family in Westport and Wadhams - Worman, Payne, French. Being a family historian, it was a wonderful visit.*

“ *My condolences , Eileen, and to Phil's extended family. What a gentleman who made a significant difference in this world. My admiration of him stems from his environmental commitment.. the solar home in Lenox and advocacy for energy issues in the county . He was the first Lenox homeowner to install a utility interactive PV system in Lenox and one of the first in the county. Most of all I'll remember him for his smile and the alert twinkle in his eyes. Warm regards, Chris Derby Kilfoyle*
