

Mrs Rebecca Ann Demary

November 17, 1962 - November 12, 2016

Rebecca Ann "Becki" Demary, 53, took flight from this earth unexpectedly on November 12th as a result of a brain aneurysm. In her haste, she has left behind her grieving soul mate and husband, Jeffrey Demary, whom she built a home with in Pittsfield, MA.

Becki was originally from Bull Head City, AZ, where she went to public schools before joining the Air Force. Once back in civilian clothes she held various jobs but none so valued as the title of mom to her daughter Rachael Ciskowski of Biddeford, ME.

She enjoyed life in the moment but was clear in her belief that her spirit would move from the vessel it was in to continue on after her passing.

Her recent gifts on this earth include her working with her passion and talent for designing kitchens for JRC Contracting Co. after working for years at Home Depot in a similar capacity.

Becki also leaves behind her father Richard Korbin and her step daughter Danella Demary of Portland, ME. She was predeceased by her mother Patricia Bennet of Arizona.

Calling hours for Rebecca Ann "Becki" Demary who died November 12, 2016 will be held Thursday, November 17th from 3-5 pm at the ROCHE FUNERAL HOME. In lieu of flowers donations in her memory may be made to the Berkshire Humane Society or Soldier On, both in care of the funeral home, 120 Main Street, Lenox, MA 01240.

“

I'm normally never at a loss for words, but today I have none. All I can say is that the woman I knew as Raven was more of a mother to me than my own actual mother. She and Jeff both had an impact on me as a person, friend, and mentors both. I'm not the best at keeping in touch, and she knew that. As such, she always had a smile sent my way, and words of encouragement when I needed them, as well as this strange ability to bring a man back a step as only a mother, or wife in Jeff's case, can. The world lost a true gift from God, though I think her light will shine beyond the end of days. She just loved us all that much.

“ *I am deeply saddened to read Rebecca 'had taken flight from this earth'. What a beautiful, beautiful, talented lady. Rebecca designed my kitchen in 2013, at Home Depot, first day project went off the rails, and doen hill from then on, Rebecca went above and beyond to keep the remodel moving, supporting me, feel like only with her support I made it through the project. I have lovely tings in my little kitchen thanks to Rebecca's talent, I am very grateful to her. God's grace and peace to all who are grieving. Blessings Karen Allender*

“ Our paths crossed so long ago yet it seems like yesterday and from then on we have always shared a special connection. She was loving and compassionate and she always kept me on the right path... "focus" she would tell me when I would come to her in need of guidance. She always offered the most soothing and warmest hugs when I had the privilege of being in her home. I spoke to her daily and we always had the best times, she would make me laugh and she had a "knowing" spirit.....oh what a special woman she was, I will love you always. Love and Light lovely lady.

My heart aches for her family and friends, please accept my deepest sympathies. We have lost an amazing woman.

“ Rebecca, to me, was more than I can rightly put into words. From the day we met, there was a bond, a connection I'd never had the pleasure, or blessing to experience with another woman. She saw something in me that made her giddy, and I too, recognized a gift that I'd just happened upon, along the whirling roads of destiny. If I could pick one word to describe our friendship and the deep, genuine and so very dear relationship ours blossomed into and will forever remain, it would be.... Magical.

There was a brilliance about her that shone through in all she did, all those she touched. She was my voice of reason, my guiding compass, the steady rock I knew was always there. She was my morning "Coffee talks", my late-night confidante, my crisis councilor, biggest cheerleader, best friend, defense attorney, fashion consultant, mentor and shenanigan haver. Not only my mother online, in and out of the worlds we'd play in...But also very much the same in real life, with the love, support, involvement and investment she made into my life every day, with her whole heart... She was more than I ever knew I would have in someone, and there will forever be a piece of me that she took with her, a void none other shall fill. She was...my person.

Jeff, Rachael, Danella;

There is nothing I could possibly say to ease the pain of your loss. My heart and loving thoughts are with each of you, as you venture into each day anew, without her right by your side. I pray that every day, you find reason to smile at the thought of her, and that you forever know how incredibly, irreplaceably and genuinely magical Becki was to so, so very many people from all walks of life, all across the planet, more everyday coming out of the woodworks, to share their stories and adoration of such a beautiful soul. She will forever live on in the hearts of so many countless lives she's forever changed, and I pray that you might find some comfort knowing that her legacy is so much more than I think she even was aware. My

warmest and most sincere condolences to each of you, may God bless you and comfort you during this time.

With Love;

Emileigh

“Raven, as I knew her, was an amazing woman who drew people into the circle of her love with a gravity all her own. Even through the binary bits of the internet, the warmth and vibrancy of her soul shone through and touched so many people with her friendship, myself included.

Intelligent and wise, caring, honest and genuinely funny, she quickly became one of my favorite people because she just ‘got it’ – she got me, she got life, she got the moves, the tune, and the joke. She seemed in tune with herself and with the chords that connect people across time and space. She was my hero, and I’m privileged and grateful to have known her as a friend.

To Jeff and her family, please accept my heartfelt sympathies. If I had one wish, it’s that the love Becki so generously shared with so many come back to embrace you and see you through. My thoughts and love are with you.

“ *Rebecca was well loved and I will forever be grateful to have known her. We have had alot of laughs and she always told me what she thought, no matter if I wanted to hear it or not. She taught me how to be a good friend, showed me that friends are always there for each other.....no matter how life was going she was there on both the sunny days and through the thunderstorms. She was someone that you could always count on for good advice and to be there. She was well loved and I will miss her terribly.*

Jeff, after the tears have dried and the goodbyes have been said, all we have to hold onto are the happy memories that we shared with our loved ones who have passed, this is what keeps them alive in our hearts and in our minds, and they will continue to live on, through us. May you take comfort in the fact that you are surrounded by people who care for you. If there is anything I can do, please don't hesitate to let me know.

*My condolences,

“ *Becki was known to me as Raven. She always had a smile and teased me right back every time I teased her, though always with fun in mind! How do you describe all the things that she was in such a short space? She was beautiful, inside and out. She was intelligent, witty, fun to be around, passionate and a wonderful person. She will forever be in my thoughts and heart.*

I remain in shock over the news and can't wrap my head around it. Your spirit is free and I'm sure you'll be looking over all of us. Until we next meet, keep the hot tub ready. I have a gold coin to bet that the thought would make you smile.

Jeff, know that my thoughts and prayers are with you, the girls and the rest of the family. I can't make it better but can give you my love and caring.

“ No words can take away the shock and grief of losing such an amazing woman. Daughter, Wife, Mother, Friend - she excelled in every capacity. She will live forever in our memories and we will feel her each time we share a memory. We always think we have time - I met Becki online and shared many phone conversations, emails, and texts - sadly, we never got to meet in person. She will always be my sister #7.5 I wish love, light, peace, and healing to Jeff and the girls. Bless you and keep an eye out for that Raven - she's got her wings and she'll be paying a visit I'm sure.
