“ Thoughtfulness was one of Walter’s many attributes. He and Mary always called when they knew I , or Gene, was in the Hospital. Once when quite serious, after calling me, Walter left a message and a lovely prayer for Gene on our home telephone. We were both so touched. It still brings tears to my eyes. That message and prayer stayed on our recorder for a long time.

We are truly blessed to have had Walter in our lives. He and dear Mary have kept up with us all these years since he was Dean of Christ Church Cathedral.

He will be missed so much by so many who are grateful to have known him.

Our deepest condolences and love to you, Mary, and all your family.
Barbara and Gene.

“ I remember Uncle Walter as a gentle, caring man who was easy to talk to. He listened carefully to what was being said and always had a thoughtful or humorous response. He once said to my boyfriend (now my husband of 28 years), "Young man...What are your intention for my niece?" as he half chuckled but kept a serious face. The question was intentional but without judgement. I felt very protected by his words and was so grateful that he asked with such sincerity and directness. He had the ability to bring out the best in people as he himself set such a beautiful example. I have nothing but fond memories of Uncle Walt. We are all better to have have known him. God Bless.
